**DIRECTORS' CONCLAVE**

'RE-IMAGINING THE FUTURE OF BUSINESS BEYOND 2020:  
A STRATEGIC FORESIGHT'

OCTOBER 28 – 29, 2020 • 1500 - 1800 HRS IST

## ABOUT THE CONCLAVE

Over the last 30 years now, Institute of Directors, India has been promoting Sustainability & sound Corporate Governance practices in India and globally.

It has also been organising a large number of training programmes, workshops, and annual Global Conventions in India and few other select countries like UAE (Dubai), Singapore, and the United Kingdom (London), focusing on various burning issues, faced by boards today along with Global Business Meets, by bringing together a large number of industry leaders, policy makers and board members from various parts of the world, in its endeavor of "Building Tomorrow's Boards".

Currently, the world grapples with a global health crisis with entire countries and economies coming to standstill.

Strategic and dynamic Boards that take the path of innovation and leverage their technological advantage will tide over this sooner and come out stronger on the other side of this wave of mayhem. The Board's oversight and its constituents' expertise & experience will be the most significant differentiator in defining organization policy and strategy for the 'new normal'. Board leaders will have to revisit the organization's mission, vision and over-arching purpose, thereby reimagining the future of business, beyond 2020.

The Institute of Directors, India is organising the **Annual 'Directors' Conclave' 2020 (Virtual) during October 28 – 29, 2020**, through our licenced Cisco WebEx account. This year's theme is "**Re-imagining the Future of Business beyond 2020: A Strategic Foresight**".

This conclave will deliberate on the implications of Covid-19 pandemic on the future of business, the future of Boards and their transformational strategies in determining the course of organisations in the post-pandemic era. It will also facilitate an exchange of ideas, across sectors and geographies, by bringing together some of the key board leaders, professional and experts and policy-makers.
