Dear Friends,

I have pleasure in inviting you to the 2018 Dubai Global Convention on Leadership for Business Excellence & Innovation being held on 17 - 19 April 2018. The theme is "*Transformative Leadership for Fostering Creativity, Innovation & Business Excellence*"

Today's executives are under increasing pressure to achieve profitable growth, resulting from changes in economic landscape, geopolitical shifts, new technologies, shortened product life cycles, cross-cultural communications, global competition and changing consumer behaviour. All of these present new challenges, as well as unique opportunities. Business leaders must be able to align corporate strategy and execution, to position their organisations for long-term success in the global marketplace.

Managing disruptive innovation is rooted more in leadership and organizational capabilities, than in technological prowess. Winning through innovation is about managing contradictions and taking advantage of technology cycles to proactively shape tomorrow's innovation streams. Open innovation is increasingly being embraced by industries and business as a keytool to navigate, sustain and grow an enterprise in the changing landscape. Some of the basic characteristics of transformational leadership are inspirational, in that the leader can inspire workers to find better ways of achieving a goal. Innovation stimulates growth, and businesses place a high priority on it because new ideas, products and processes translate directly to higher profits and corporate growth.

The UAE, one of the fastest developing nations has emerged as a leading partner with India. It derives its position from a holistic, government initiated approach, towards Business Excellence and Innovation.

Destination Dubai makes for a perfect backdrop to discuss and deliberate, given the unprecedented business opportunities offered by this commercial hub of the Middle-East.

Dubai Global Convention is a flagship event of the 'Institute Of Directors', India, being held annually. The convention is a platform conceptualised to bring together opportunities for learning and sharing between the member and associated companies and organisations, covering transformational leadership for disruptive innovation and business excellence. A one of its kind initiative, the convention brings forth diverse companies and dignitaries on one platform, to critically discuss various themes of achieving Business Excellence, and explore giant business collaborations.

We look forward to welcoming you at the '2018 Dubai Global Convention'.

Best wishes,

Dr. Tayeb Kamali
