MSME – Innovation, Growth and Transformation

Day and Date:

Friday, 14th June 2019

Time:

0930 hrs - 1330 hrs

Venue:

ni-msme Auditorium, ni-msme,
Yousufguda, Hyderabad

About Convention

Micro Small & Medium Enterprises (MSMEs) play an important and strategic role in the economic growth and equitable development of a country. Worldwide, the Micro Small & Medium Enterprises (MSMEs) have been accepted as prime drivers for employment generation and growth of GDP, besides contributing to the balanced regional development. MSMEs are in a unique position to become global players attracting partners with technology and funds. These enterprises impart the resilience to withstand economic upheavals and maintain a reasonable growth rate since being indigenous is the key to sustainability and self sufficiency.

The vibrancy of the Micro, Small and Medium Enterprise (MSME) sector in the macroeconomic context cannot be overstated as it accounts for 7% of India's GDP, 45% of total manufacturing output, and 40% of Indian exports while employing over 117 million people. Given the critical importance of the sector, due attention from the financial system must be accorded to address the challenges inherent in servicing this segment.

Though there is plethora of growth opportunities and the initiatives being taken both by the Centre and the State Government, there are multiple numbers of challenges the MSMEs continue to face. The major ones being ease of doing business, easy access to credit, impact of major policy reforms, technology upgradation etc. Time is ripe for all the stakeholders to come together to create an enabling ecosystem for the growth of the MSMEs in the state.

Registration:

Open to IOD Members & Non Members

There is no registration fee

(* Mail confirmation Mandatory & Seats subjected to availability)

About Us

Institute Of Directors (IOD) was established on 12 July, 1990, as an independent, apex national association of corporate directors, to spearhead India's Quality revolution and build 'Brand India', by focusing on directors' training and development. It's focus is on building tomorrow's boards by realigning their moral compass and making them more ethical, transparent & accountable. IOD is not simply an apex Organization, it is a movement to create a silent revolution through the boardroom for a just and sustainable world. IOD's Masterclass Training for Directors, Organisation of Non Executive Independent Directors (ONEID), Board Research & Advisory, and Golden Peacock Awards are other flagship initiatives, which aim to improve the competitiveness of individual directors and their organisations.
